A SHORT NOTE FROM Artist Genie

All around me every day and night I can feel, or sense, that humanity suffering from time immemorial. This feeling manifests itself in the songs I write and the topics that consume me, visit www.stroberecords.co.uk (see lyrics in One World Experience album / My Purpose of Being album and Kiss My Ego album).

I advocate that humanity should stop using Cosmetic Surgery method in resolving Humanity's issues. My proposed ideology is the answer to all Humanity's problems. This proposal must be accepted and implemented.

Human Made Utopia on Earth is achievable:
I believes that the basis of all human aspirations / expectations and beliefs are flawed, basically all functions in Human society are flawed, therefore I proposes the setting up, in schools or universities, a new Philosophical Subject Called Human Made Utopia Philosophy, as a medium in which we can explore all human expectations, aspirations and beliefs for its Human Made Utopia On Earth alternatives.

My purpose therefore is to introduce to the world Human Made Utopia (Philosophy) as a medium for the eradication of human society's problems, and encourage United Nations to adopt my ideology as a formula for resolving all human problems.

Expected early good signs from this ideological proposal if its adopted as a formula for resolving all human problems will bring a **** of Light of Hope at the end of the Endless Dark Tunnel of All Human Sufferings.

For further clarification of any issue relating to Genie's ideology, Please see Human Made Utopia web pages at: - www.stroberecords.co.uk then click on HMU (Philosophy) link button.

Anyone wishing to Support my ideology in any form is welcomed.
