BAND STORY

"Jenny Beck is a Swedish singer/songwriter. She relocated to the UK in 2001 to further her music career and has since written, produced and recorded three stunning CDs that have attracted much attention from the music press, radio stations and internet music sites world-wide. Though her main genres are folk/pop and acoustic she is often experimenting with various kinds of music, such as R&B, pop, Soul and Blues - genres that feature on her brand CD "On The Outside" which is the CD she is currently in the studio recording. Jenny's songs are frequently being played on internet and FM radio stations world-wide and her tracks have featured on many successful compilation albums. Her CD "Morning Rain" has received rave reviews from the music press and internet e-zines in both the UK and the US and she was featured in the May 2004 issue of the popular magazine "All Access Music" which is distributed to over 10.000 people in Los Angeles alone. Jenny Beck has a very refreshing and clear sound and with the time, dedication and passion it takes to write, record, produce and release CDs independently she has proven she is an artist with wagon-loads of ambition and is a name to remember."
