### BAND STORY

"After graduating from Cambridge, England in 1974, I worked for the next 24 years in the Entertainment Business as a musician in bands, in shows, doing TV work, recording, songwriting & eventually as a Piano Entertainer throughout Europe, Scandinavia & the Middle East and also on cruises with various top Cruise Lines. I still appear in public in Brussels, but Music-with-the-Mouse is now my great love! The instruments & equipment I use are: Piano or keyboards (when working live). At home: Cubase VST 5.1 + various VSTi's, Roland 3000s, voice, brain and... heart!"
