BAND STORY

"

The Music has an approach of keeping it Heavy Duty, short and simple and is influenced by Metal of the last 2 decades from bands such as Original Sepultura, Pantera, Slipknot, Korn, Deftones, Clutch and so on but every once and a while I like to tinker with different types of music too.

Thanks to todays technology a mixture of easily available guitar and bass tones mixed with old skool strait forward drum tracks and heavy duty vocals with unique lyrics should be expected when listening.

The goal is to tap into your emotions and bring them out of you!

The music was recorded by Renato (TimeDrifter) in his garage and his wife and brother have done the vocals so far.
